

At your request, your registration for the pandemic-postponed Outer Banks Marathon event is eligible to be deferred to the 2021 Outer Banks Half Marathon weekend.

IMPORTANT: You must register online using your personal promo code (below) by September 30, 2021 to activate your deferral. Your deferral registration will be FREE (since you already paid for the postponed event).

You are not automatically entered in this year's race. If you do not register online by September 30, 2021 you will forfeit your deferral.

This year's [Outer Banks Half Marathon](#) weekend includes a Saturday 5K Race, a Sunday half marathon (on a new course) and a 5K/Half Challenge.

If you were previously registered for the 5K, 8K or Southern 6 you can join this year's 5K Race. If you previously registered for the half marathon or marathon you can join this year's half marathon.

[CLICK HERE](#) to register using your promo code «PromoCode» to register for the «Defer_Division»

*It is important that you **enter your promo code** at the top of the registration page **before** you enter your registration information in to get the FREE entry.*

*This promo code may **ONLY** be used by **YOU**. This is not an opportunity to sell or transfer your deferred entry. If your promo code is used by anyone else, that registration will be cancelled, and your free entry forfeited.*

WHY do we require that you register for the 2021 Rewind event? We need your current personal and emergency contact information, expected finish time (to properly assign your start corral), and a waiver for this year's event.

We look forward to seeing you at the 2021 Outer Banks Half Marathon weekend!
